

# Hitachi Ah300 Articulated Dump Truck Operator Manual

Hitachi Ah300 TRUCK Operation and Tests Technic manual electronically, its Operation and Tests Technical, providing a more comfortable working environment for the operator. The rightside console has been ergonomically re-designed. The heated air suspension seat is ideal in cold climates and absorbs vibration during operation minimising operator fatigue. The large multi-function LCD monitor screen is easy to view in bright sunlight or darkness and provides technical data, The air conditioning condenser can be easily opened for cleaning the condenser and radiator. Inspection parts are

conveniently located

The design of the new Hitachi Ah300 medium excavator is inspired by one aim – empower your vision. It delivers on five key levels: performance, productivity, comfort, durability and reliability. We recognise that fleet owners require high-quality, efficient machines that can work effectively, even in challenging conditions. We also realise that operators need a safer, user-friendly work space, and a machine that can respond to their skills with speed and precision. And to achieve a satisfying result, on time, on budget and to a high standard, we have aimed to maximise availability of the new Hitachi Ah300 with easy maintenance features and the Hitachi Support Chain after-sales programme.

This manual contains information and data on this model. has specs, diagrams and actual real photo illustrations and schemes that you give step by step operations to repair, maintenance, technical maintenance, and troubleshooting for the machine. This manual provides full information that you need to repair your machine. The information in this manual enables you to find and to understand how to repair and maintain your device without in-service problems. All pages are printable, so run off what you need, and take it with you into the garage or workshop.
